HYDRAULIC WORKSHOP PRESS

50 000KG SAFE WORKING CAPACITY

The TradeQuip "Made for the Trade" 50,000kg heavy duty H-frame workshop press delivers up to 50 tons of pressing force. When components need to be removed or assembled, this press delivers the controlled power to get the job done. Remove and install bearings, gears, U-joints, bushings, ball joints and pulleys with this versatile hydraulic press! The 2-speed pump on this hydraulic shop press operates the ram at a slow or fast speed to accommodate a wide variety of pressing applications.

FEATURES

- Heavy-duty H-frame built to exacting standards for quality and durability
- 100mm pressure gauge
- Lead-free paint finish for a long-lasting finish
- Bed winch for easy raise and lower adjustment
- High quality large diameter hydraulic cylinder
- Dependable double spring fast retraction
- Piston-ram is treated and polished
- Reinforced head bolster for added strength
- Pair of bed plates included

**MADE FOR THE
TRADE**
