BORUM

A INDUSTRIAL WORKSHOP EQUIPMENT

TQ Pro TABLE 2000 1000LBS

GARAGE EQUIPMENT

Product Code: 6006**HYDRAULIC SCISSOR LIFT**

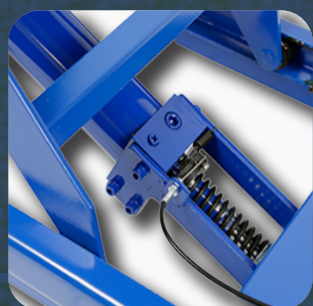

WORKSHOP TROLLEY

500KG SAFE WORKING CAPACITY

The TradeQuip "Made for the Trade" moveable, Hydraulic Scissor Lift Table can position and raise your work piece up to 770mm by simply pumping on the foot pedal to the desired height. Features include a hand release lever to safely lower a heavy piece of work and two locking swivel castors to ensure stability once the scissor lift table is shifted into position. This piece of equipment is ideal for any garage, workshop or parts warehouse dealing with heavy parts such as engine blocks, large cylinder heads, diff housings and transmissions!

**FEATURES**

- Foot-operated hydraulic pedal
- Quick release hand lever for controlled release
- Heavy duty oil-resistant nonslip rubber mat
- Two locking heavy duty swivel castors
- All steel construction
- Powder coated for extra protection from wear and tear.
- Perfect for moving heavy parts to and from the vehicle.
