

HEAVY DUTY Workshop Equipment

Product Code: BTJ1530TAM

Air Hydraulic Truck Jack Safe Working Capacity 30,000kg

Weighing only 24kgs and designed for **MOBILE SERVICE**, the BTJ1530TAM quickly and easily manages a hefty 30,000kg in the first stage lift position and 15,000kg at the higher 2nd stage extension. This Air Actuated Mobile Service Jack is designed for heavy duty commercial use and features a long reach "T" handle and large rubber wheels for smooth manoeuvring. As always with **BORUM**, safety is just as important as industrial standard quality, so all **BORUM** Truck Jacks have a built-in safety valve to prevent overloading and keep the operator safe. This **BORUM** Air Actuated **MOBILE SERVICE** Jack is a very versatile heavy-lifter suitable for most workshops.
