AIR ACTUATED

TRUCK JACK

This Air Actuated Truck Jack is designed for heavy duty commercial use and features a long reach "T" handle and large rubber wheels for smooth manoeuvring around the workshop. As always with TQ Pro "Latest Technologies", safety is just as important as highest standard quality, so all TQ Pro "Latest Technologies" Truck Jacks have a built-in safety valve to prevent overloading and keep the operator safe. Additional safety feature includes a Self-Return lowering and lifting switch to ensure complete control during operation. This jack is ideal for medium ground-clearance vehicles and is a very versatile heavy-lifter suitable for most workshops.

20,000KG SAFE WORKING CAPACITY

Features

- Seals made in America
- Double Seal Function using XTP Technology
- Telescopic air actuation lift (air-hydraulic pump)
- Long T-handle easily positions jack under vehicle
