EAGLE PRO HYDRAULICS

Eagle Pro 14T Hydraulic Spreader

Product Code: **EFS-14**

The Eagle Pro 14T Hydraulic Spreader is a high-force hydraulic tool for heavy-duty industrial spreading, clamping, pushing and lifting. It features a high-strength alloy steel body, spring-loaded ram return and a 14 U.S. Ton cylinder capacity.

AU$2,389.00 EX GST

RECOMMENDED TRADE PRICE

Key Features

- 14-tonne hydraulic spreading force
- Slim tips get into tight gaps
- Built for heavy industrial separation

Description

With nearly 3 decades of manufacturing hydraulic tools for industrial applications, Eagle Pro Hydraulics has become the trusted partners for applications spanning from offshore plant maintenance to mining, infrastructure, commercial & industrial. The manufacturer maintains ISO 9001:2018 certification and cylinders meet or exceed ANSI B30.1 standards, delivering dependable high-quality products.

Specifications

Cylinder Capacity @ 10,000 PSI	14t
Oil Capacity	78.33 cm^3
Tip Clearance	6.09mm
Max. Spread Distance	81.02mm
Effective Area	14.51 cm^2
Weight	7.17kg
Dimensions (C)	289.56mm
Dimensions (D)	66.54mm
Dimensions (E)	133.6mm

Warranty	12 months (trade use)

Intended Use

For industrial & fast paced heavy-duty applications where the convenience of hydraulic power can be utilised for spreading, clamping, pushing and lifting in power, gas & steel plants...

About Eagle Pro

With over 3 decades experience of manufacturing hydraulic tools for industrial applications, Eagle Pro Hydraulics has become the trusted partners for applications spanning from offshore plant maintenance to mining, infrastructure, commercial and industrial. Eagle Pro Hydraulics are manufactured to ISO 9001:2018 through international quality assurance programs which involve consistent observation of administration, management, manufacturing and production control. Eagle Pro hydraulic cylinders meet or exceed ANSI B30.1. This results in reliable and dependable high-quality products you can count on every time.
