eQuipt Evaporative Cooler – 150W

Product Code: **E11-0010**

A compact, portable 150W evaporative cooler delivering up to 6,000 m³ of airflow per hour, ideal for smaller workshop spaces. Cools without chemicals or refrigerants and reduces ambient temperatures by up to 10°C.

AU$649.00 EX GST

RECOMMENDED TRADE PRICE

Key Features

- One-piece polyethylene housing, rust & leak proof
- Two freezable ice blocks included
- Eco-friendly alternative to reverse-cycle A/C
- Cools without chemicals or refrigerants

Description

With its compact size, this eQuipt 'Designed to Deliver' Portable Evaporative Cooling unit is perfectly suited to smaller work spaces, yet still delivers an impressive amount of air output. This easy-to-operate unit produces up to 6,000 cubic metres of airflow per hour. It is fitted with a rugged, weather-resistant one-piece moulded polyethylene housing that will not crack or leak. The remote control 3-speed fan forces warm air over rigid water soaked evaporative cooling media to reduce ambient temperatures by up to 10°C. Adjustable swing louvre feature that offers swinging airflow and allows you to adjust the cooled air output to where you need it.

An evaporative cooler (also known as a desert cooler or wet air cooler) is a device that cools air through the evaporation of water. These units are well suited for climates where the air is hot and humidity is low.

Specifications

Power Unit	220V 50Hz 150W 10amp plug
Operating Current	1.45A
Max. Air Flow	6,000 m³ per hour
Noise Level	65dB(A)
Fan Diameter	400mm 4-blade propeller

Speed Control	3-speed
Effective Cooling Area	45-55m²
Water Consumption	4-5 Litres per hour
Water Tank Capacity	45 Litres
Dimension	1185(H) x 620(W) x 430(D)
Net Weight	17kg
Gross Weight	20kg
Warranty	12 months (trade use)

Intended Use

This equipment is intended for cooling industrial or trade workshop/office environments. Best used in hot dry climates where the humidity is low, evaporative coolers are generally suitable for areas with dry summers, although their effectiveness will be reduced during the occasional periods of high humidity weather. This product is an Industrial Product and not suitable for household use.

About eQuipt

'eQuipt' provides workshop tools & equipment built for reliability and value, ideal for smaller workshop operations. Our “Designed to Deliver” approach offers durable, fit for purpose tools and equipment that perform consistently. Backed by TQB Brands' 40+ years experience in the industry, 'eQuipt' provides users with dependable gear for their workshop needs.
